

DARK MINIMAL PROJECT

“I’m Not in Love”

Single — Friday 16 October 2026 — Danse Macabre Records

Dark electro duo Dark Minimal Project return on 16 October with “I’m Not in Love”, the first taste of a new album due in 2027 and their first single on Danse Macabre Records.

The track pushes the band's sound towards greater tension: cold programming, heavy bass, and a close, unguarded vocal full of feeling. Produced by Peter Rainman and Dark Minimal Project.

The single comes with an official video, online on release day, shot over three days in August. Screenplay and direction by Ange Vesper, filmed and edited by Julie Ducrocq — Les Instants Magnétiques.

The band's last album, *Pleasure is a Sin*, reached number one on the German Alternative Charts twice and stayed on for eleven weeks, followed by a tour of France, Belgium and Germany. Dark Minimal Project have worked with Front 242 and Dominatrix, and released the EP *And Sometimes* with dBoy of JE T'AIME.

A remix by Hungarian duo Black Nail Cabaret follows on 13 November 2026. Please keep this confidential for now.
